**Calvert Health Signs Contract with Hampton Roads Social Services**

**Baltimore, MD and Hampton Roads, VA – June 14, 2008** – Today Calvert Home Care the wholly-owned subsidiary of Calvert Health Partners, LLC announced the signing of a contract to provide services to recipients of services administered by the Hampton Roads Social Services Department. This contract calls for the provision of personal care services to patients throughout the Hampton Roads area.

Calvert's CEO David R. Nelson stated, "The execution of this contract once again reestablishes our relationship with yet another community based agency providing desperately needed services to a vulnerable population. We look to continue to build additional relationships with other governmental agencies and quasi-public-private partnerships in the future. Providing high-quality patient care is the number one focus of our delivery efforts and continuing to break down barriers to accessible, affordable care is where Calvert's efforts are focused."

Calvert Health began operations in January 2005 with funding from private sources as well as several members of its management team. Calvert Health operates Medicare certified home care operations in 34 contiguous counties throughout the Commonwealth of Virginia. Calvert Health also provides companion and personal care services under its Medicaid certification throughout the region. The company's corporate offices are located at 401 East Pratt Street in Baltimore's Inner Harbor. For more information about the company visit its website at [www.calverthealthpartners.com](http://www.calverthealthpartners.com).
